

SOFIENE HAMZAOU

AI & LLM Engineer | Technical Forensics & Cybersecurity Specialist

Email: admin@vaultguard.eu.org Phone: +216 22 090 800 Web: vaultguard.eu.org HF: huggingface.co/sofienehmz

GitHub: github.com/spaypeur Location: Tunisia · Remote

PROFESSIONAL SUMMARY

Technical investigator and AI/LLM engineer specializing in local quantized GGUF inference, vector RAG systems, dataset engineering, and software forensics. Published author of the **22M+ Token B13 Cybersecurity SFT Dataset Collection** on Hugging Face. Multidisciplinary background spanning AI development, software auditing, civil aviation (licensed Flight Dispatcher), pharmaceutical education in Russia, and logistics operations. Upwork Top Rated Plus provider with a 100% job success rate.

CORE COMPETENCIES & TECHNICAL STACK

AI & Datasets: Hugging Face Hub (sofienehmz), ChatML SFT Fine-Tuning, Quantized GGUF (llama.cpp, CUDA offloading), ChromaDB Vector RAG, smolagents / CodeAgent, Gradio.

Security & Forensics: Codebase Auditing, SAST Vulnerability Analysis, CVE Trajectory Engineering, System Forensics, Network Security, GRC (6 IBM Certifications).

Backend Engineering: Python (FastAPI, Celery, Redis), TypeScript (Cloudflare Workers Edge API), PostgreSQL, WebSockets, Docker.

Languages: English (Fluent / IELTS B2), French (Fluent), Arabic (Native), Russian (Conversational / Academic study in Russia).

FEATURED PROJECTS & HUGGING FACE CONTRIBUTIONS

B13 Cybersecurity SFT Dataset Master Collection (Hugging Face)

Published 22M+ token dataset collection (sofienehmz/b13-cybersecurity-sft-datasets) featuring 16,594 ChatML SFT samples, 10,000 technical CVE records with Chain-of-Thought reasoning, 5,591 static analysis code security samples, and 130,173 evaluation grades.

Hugging Face ChatML SFT 22M Tokens

GAIA Agent Unit 5 (Hugging Face Space)

Autonomous AI agent console built with smolagents/CodeAgent and Gradio UI, integrated with DuckDuckGo search, webpage visitation tools, and Qwen2.5-Coder-32B backend.

Gradio smolagents Qwen2.5-32B

VaultGuard — Institutional P2P Crypto Settlement Desk (vaultguard.eu.org)

Production-deployed institutional OTC engine running on Cloudflare Workers edge across 300+ cities. Implements ZKP identity vaults, WebAuthn/FIDO2 biometrics, and threat intelligence ingestion.

TypeScript Cloudflare Workers ZKP WebAuthn

Phalanx X Local API Server & AI-Integrated C2 Server

Built high-performance local GGUF model server with CUDA GPU layer offloading and OpenAI-compatible API, alongside a FastAPI + WebSockets C2 command & control dashboard.

Python llama.cpp CUDA FastAPI WebSockets

PROFESSIONAL EXPERIENCE

AI Engineer, Software Forensics & Systems Specialist

2020 – Present

Independent Consultant & Developer · Remote

- Engineered & published the 22M+ token B13 Cybersecurity SFT dataset collection on Hugging Face.
- Built self-hosted local inference engines (GGUF/llama.cpp) and RAG vector search pipelines (ChromaDB).
- Audited inherited and AI-generated codebases for global clients to verify functional reality vs claims, identifying vulnerability gaps, mock endpoints, and broken dependencies.
- Maintained 100% Job Success score on Upwork (Top Rated Plus) delivering complex backend, AI, and security projects.

Civil Aviation Flight Dispatcher & Cabin Crew

Certified Diplomas

Ministry of Transport, Tunisia (General Directorate of Civil Aviation)

- Licensed Flight Dispatcher (Diploma N°228/2008 from Ministry of Transport, Tunisia).
- Certified Personnel Navigant Commercial (CMFC cabin crew) managing flight safety, crew resource management (CRM), and strict aviation regulatory compliance.

Pharmaceutical Sciences & Medical Education

2015 – 2016

Ryazan State Medical University & Perm State Pharmacy Academy · Russia

- Completed 2nd year studies at Ivan Petrovich Pavlov Ryazan State Medical University (Faculty of Pharmacy).
- Completed 3rd year studies at Perm State Pharmacy Academy, Perm, Russia.

Heavy Vehicle & Logistics Operations

Vocational Certification

Heavy Transport & Trailer Operations

- Licensed heavy vehicle driver (Class C+E & trailers) with practical operational dispatch experience.

CERTIFICATIONS & DIPLOMAS

IBM Security Credentials: Systems Forensics & Incident Response · Security Operations & Management · Vulnerability Management · System & Network Security · Cloud Security · GRC & Data Privacy · Cybersecurity Fluency · Getting Started with Cybersecurity.

Hugging Face Credentials: AI Agents Course Certification · DeepLearning.AI Fundamentals of LLMs.

Engineering & Web: Microsoft / freeCodeCamp Foundational C# · freeCodeCamp Scientific Computing with Python · Web Design V8 · Frontend Dev Libraries V8 · Legacy Frontend.

Aviation, Medical & Academic: Flight Dispatcher Diploma N°228/2008 (Ministry of Transport) · CMFC Cabin Crew · Perm Pharmacy Academy 3rd Year Cert · Ryazan Med University 2nd Year Cert · IELTS B2 (British Council) · Arts Baccalaureate.
