

SOFIENE HAMZAOU

AI & LLM Engineer | Technical Forensics & Cybersecurity Specialist

Email: admin@vaultguard.eu.org Phone: +216 22 090 800 Portfolio: vaultguard.eu.org
Hugging Face: huggingface.co/sofienehmz GitHub: github.com/sniper4u2 Location: Tunisia · Remote

EXECUTIVE PROFESSIONAL SUMMARY

Multidisciplinary Technical Specialist combining AI/LLM engineering, cybersecurity auditing, software forensics, and international operations. Creator and publisher of the **22M+ Token B13 Cybersecurity SFT Dataset Collection** on Hugging Face. Expert in local quantized GGUF inference, RAG vector search engines (ChromaDB), SAST code auditing, and AI agent orchestration. Diverse operational background spanning technical due diligence, civil aviation (licensed Flight Dispatcher), pharmaceutical education in Russia, and transport logistics. Upwork Top Rated Plus provider with a 100% job success rating.

CORE COMPETENCIES & KEYWORDS

AI Engineering & LLM Infrastructure: Hugging Face Hub (sofienehmz), SFT Fine-Tuning (ChatML), Quantized Local GGUF (llama.cpp, CUDA GPU offloading), Vector RAG (ChromaDB), smolagents / CodeAgent, Gradio, Model Context Protocol (MCP).
Security, Forensics & Auditing: Software Forensics, SAST Code Auditing, Technical Due Diligence, CVE Trajectory Engineering, System Forensics, Network Security, GRC (6 IBM Certifications).
Backend & Systems Architecture: Python (FastAPI, Celery, Redis), TypeScript (Cloudflare Workers Edge API), PostgreSQL, WebSockets, Docker.
Languages: Arabic (Native), French (Fluent / 2nd Language), English (Fluent / IELTS B2), Russian (Fluent / University Studies in Russia), Dutch (Basic), Italian (Basic).

KEY PROJECTS & HUGGING FACE DATASETS

B13 Cybersecurity SFT Dataset Master Collection (Hugging Face)

Published 22M+ token master dataset collection (sofienehmz/b13-cybersecurity-sft-datasets) featuring 16,594 ChatML SFT samples, 10,000 technical CVE records with Chain-of-Thought reasoning, 5,591 static analysis code security samples, and 130,173 evaluation grades.

Hugging Face ChatML SFT 22M Tokens Cybersecurity

GAIA Agent Unit 5 (Hugging Face Space)

Autonomous AI agent console built with smolagents/CodeAgent and Gradio UI, integrated with DuckDuckGo search, webpage visitation tools, and Qwen2.5-Coder-32B backend.

Gradio smolagents CodeAgent Qwen2.5-32B

VaultGuard — Institutional P2P Crypto Settlement Desk (vaultguard.eu.org)

Production-deployed institutional OTC engine running on Cloudflare Workers edge across 300+ cities. Implements ZKP identity vaults, WebAuthn/FIDO2 biometrics, and threat intelligence ingestion.

TypeScript Cloudflare Workers ZKP WebAuthn

Phalanx X Local API Server & AI-Integrated C2 Server

Built high-performance local GGUF model server with CUDA GPU layer offloading and OpenAI-compatible API, alongside a FastAPI + WebSockets C2 command & control dashboard.

Python llama.cpp CUDA FastAPI WebSockets

PROFESSIONAL EXPERIENCE

AI Engineer, Software Forensics & Systems Specialist 2020 – Present

Independent Technical Consultant & Developer · Remote

- Engineered & published the 22M+ token B13 Cybersecurity SFT dataset collection on Hugging Face.
- Built self-hosted local inference engines (GGUF/llama.cpp) and RAG vector search pipelines (ChromaDB).
- Audited inherited and AI-generated codebases for global clients to verify functional reality vs claims, identifying vulnerability gaps, mock endpoints, and broken dependencies.
- Maintained 100% Job Success score on Upwork (Top Rated Plus) delivering complex backend, AI, and security projects.

Civil Aviation Flight Dispatcher & Cabin Crew Certified Diplomas

Ministry of Transport, Tunisia (General Directorate of Civil Aviation)

- Licensed Flight Dispatcher (Diploma N°228/2008 from Ministry of Transport, Tunisia).
- Certified Personnel Navigant Commercial (CMFC cabin crew) managing flight safety, crew resource management (CRM), and strict aviation regulatory compliance.

Ryazan State Medical University & Perm State Pharmacy Academy · Russia

- Completed 2nd year studies at Ivan Petrovich Pavlov Ryazan State Medical University (Faculty of Pharmacy).
- Completed 3rd year studies at Perm State Pharmacy Academy, Perm, Russia.

Heavy Vehicle & Logistics Operations

Vocational Certification

Heavy Transport & Trailer Operations

- Licensed heavy vehicle driver (Class C+E & trailers) with practical operational dispatch experience.

CERTIFICATIONS, CREDENTIALS & DIPLOMAS

IBM Cybersecurity Credentials: Systems Forensics & Incident Response · Security Operations & Management · Vulnerability Management · System & Network Security · Cloud Security · GRC & Data Privacy · Cybersecurity Fluency · Getting Started with Cybersecurity.

Hugging Face Credentials: AI Agents Course Certification · DeepLearning.AI Fundamentals of LLMs.

Software Engineering & Web: Microsoft / freeCodeCamp Foundational C# · freeCodeCamp Scientific Computing with Python · Web Design V8 · Frontend Dev Libraries V8 · Legacy Frontend.

Aviation, Medical & Academic Diplomas: Flight Dispatcher Diploma N°228/2008 (Ministry of Transport) · CMFC Cabin Crew · Perm Pharmacy Academy 3rd Year Cert · Ryazan Med University 2nd Year Cert · IELTS B2 (British Council) · Arts Baccalaureate.
